Honouring the Past, Hope for the Future: Towards an HIV Free Generation

To celebrate the unique opportunity as Melbourne hosts the 20th International AIDS Conference (AIDS 2014), YEAH has created a unique projection of artworks to increase the community's understanding of the ongoing impact of HIV here and around the world. The projections incorporate images from the Australian AIDS Memorial Quilt, *Honouring the Past*, alongside works exploring the theme *Hope for the Future*.

Each night from the 18th - 21st July alongside YEAH's giant AIDS 2014 installation on Princes Bridge, the Arts Centre's Hamer Hall becomes a canvas to Honour the Past and create Hope for the Future as we work together to create an HIV Free Generation.

Made possible through support from the Commonwealth Department of Health and UNESCO - World leaders in best practice comprehensive sexuality education.
